

Thornton Conservation Commission

Minutes from June 5, 2006 meeting 6:30 Thornton Town Hall

Attending were Sally Davis, Steve Shaughnessy, Timmee Whitmore
(Cathy Duffy called to let us know that she couldn't make it)

1. Approved the minutes from the May 1, 2006 meeting.
2. Mail
 - Peter Oakley 'Hidden Acres' dated May 18, 2006
DES "Request For More Information" File #2006-00402
Needs more information on 8 separate points
 - From Program Director SCA NH Conservation Corps.
An informational letter about a program offered by the SCA in which they provide the labor for projects such as rustic timber construction, trail maintenance, basic carpentry, erosion control, etc. They come with a van, tools, camping equipment, and food. Sally will pass the letter on to Ralph. Perhaps the town has some projects that could utilize this service.
3. Sally will email Candy to ask if the Thornton CC can hang all 3 laminated maps on the hallway walls. (Right outside the meeting room) The space is very public, accessible to all, especially while waiting to conduct business with the town.
4. Sally went to the Waterville Valley Workshop on May 11. It was free, there was good attendance with folks from Waterville Valley, Thornton, and Campton. The DES speaker was very good, interesting and answered all questions.
5. We haven't contacted Cathy's contact at Antioch College. Sally will look into our eligibility for money for the NRI from the Moose Plate Grant program. We think we missed the deadline.

Meeting adjourned at 7:30
