

Thornton Conservation Commission

Minutes from June 4, 2007 meeting 6:30 Thornton Town Hall

Attending were Sally Davis, Steve Shaughnessy and Timmee Whitmore

1. Minutes from May 7th accepted without changes.
2. It would be nice to have a “link” on the Conservation Commission’s page of the town’s website that would post upcoming events and workshops. Often times the events have passed by the time our minutes are approved and posted online. Timmee will email Beverly about this.
3. Mail
 - DES “Request For More Information”
Re: File #2007-00424 Project Name: Marianne Peabody
Location: 3356 US Route 3 Tax Map / Lot #6/8
 - DES “Request For More Information”
Re: File #2007-00435 Project Name: George Vela
Location: Champion’s Way Tax / Lot #7/7-13
4. Sally found a notice on the bulletin board in the Town Hall that looks interesting:
“NH Wildlife Action Plan: Mapping Habitats for Conservation Planning”
June 18th from 6:30 – 9:00 at SLA headquarters, Rte 25, Holderness
Call SLA 968-7336 or email info@squamlakes.org to register
*this looks great, Timmee and Sally hope to attend
5. Sally spoke to the DES agent regarding site visits. He can’t give us permission to accompany him on the site visit. Permission can only be granted by the landowner. He’d be happy to have us along on a visit if we get permission.
6. Sally went to the North Country Council Inc. Workshop. It was geared toward Planning Boards more than Conservation Commissions. There is a new book coming about building in compact spaces thus keeping more “open space”. She’ll tell the planning board about this information.
7. The AMC has a bunch of things going on this summer on Friday afternoons. Steve will email this info to us.

Meeting adjourned at 7:30
